

BlueParrott Charging Stand, 5-Bay

SEAMLESS SHIFTS START WITH POWERFUL PRODUCTIVITY

Multi-charging for maximum efficiency

Days run more smoothly when you're organized. That's why the new BlueParrott charging stand has 5 bays, delivering power for up to five BlueParrott headsets simultaneously¹. Making shifts swift and seamless from start to finish.

A durable, practical design

The BlueParrott Charging Stand, 5-Bay combines maximum efficiency with impressive durability. The hard-wearing design is made to fit on standard 19" rack shelves and comes with 1m/3.2ft USB and data cables to offer even more flexibility. It also comes with a 2-year warranty³ and the ability to handle anything that busy warehouses and bustling break rooms throw at it.

Future-proof your productivity

Save time and drive productivity by keeping headsets updated and running at peak performance at all times. The charging stand makes it easy to update the BlueParrott headsets to the latest firmware using the BlueParrott Updater²

Designed to help you do things your way

When you've got teams using different headsets and you want to ensure they can start their shifts straight away, you need a charging stand that's flexible. The BlueParrott Charging Stand, 5-Bay is customizable, with interchangeable cradles and adapters⁴ that work with BlueParrott B350-XT, B450-XT, C300-XT and M300-XT.

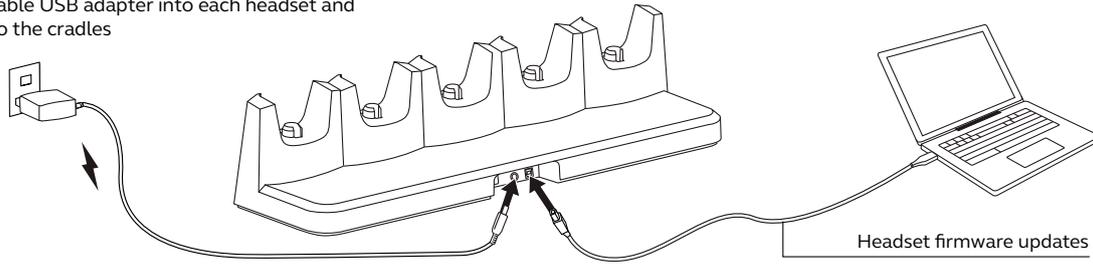

Compatible BlueParrott headsets

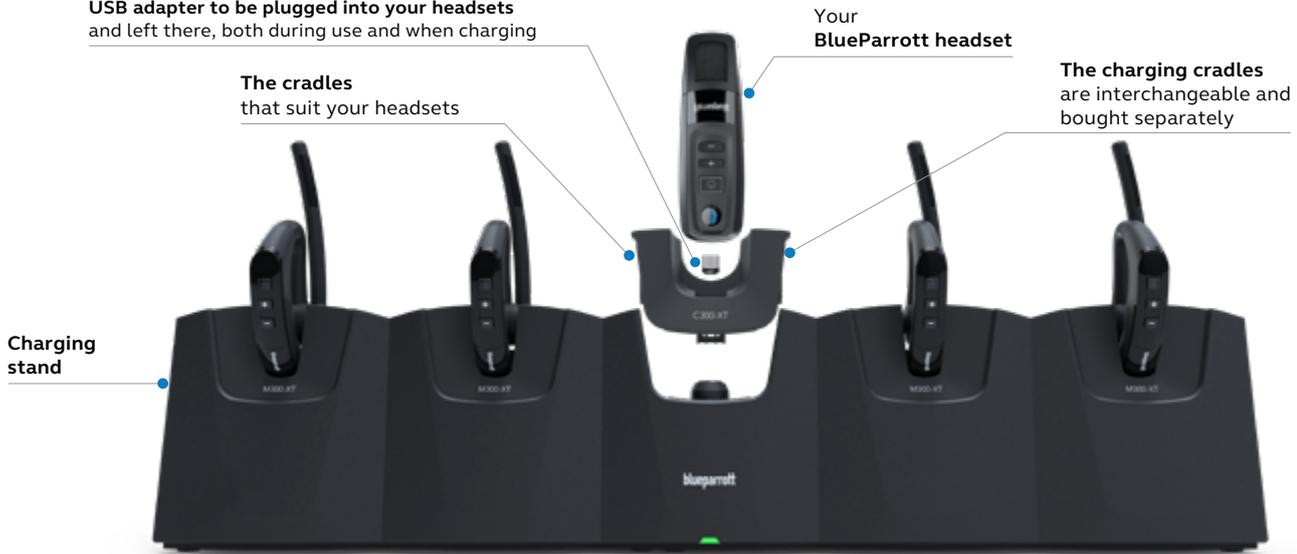

Charging Stand, 5-Bay

HOW TO CHARGE

1. Plug the charging stand into a power outlet using the supplied power cable
2. Choose the cradle that suits your headset and insert into each dock on the charging stand
3. Insert the suitable USB adapter into each headset and dock them into the cradles

USB adapter to be plugged into your headsets and left there, both during use and when charging

HOW TO UPDATE

1. Use the supplied USB cable to connect the charging stand to a computer (Windows only)
2. Open the BlueParrott Updater on your computer and download any updates
